

Six things you can do to help stop modern slavery in less than sixty minutes

Scan the QR code for links to ways in which you can help.

1

Learn

Know where modern slavery can exist and how it manifests by taking our modern slavery **quiz** or downloading our **Faith Resource Pack**. Email supporter@antislavery.org for more details.

6

Share

Send information about modern slavery to your friends, families and colleagues, and encourage them to take action too at antislavery.org.

2

Spot the signs

Take our test to **spot the signs** of someone living in modern slavery and find out what to do if you suspect someone is being exploited.

Ending slavery is a huge task but we will not stop until it is over. Here are some simple ways you can take action and be a part of this movement.

5

Use your consumer power

Talk to businesses that you buy from. How are they making sure their products are not made with modern slavery?

3

Support the movement to end slavery

A donation of just £10 could make a vital difference by supporting the partners and projects we help.

4

Sign the petition

Tell MPs that every product we buy should have no links to modern slavery.
